EDUCATION

	SCORE	YEAR
BCA(1 st year) DPG ITM, Gurugram	8.84 SGPA	2028
12th CBSE Vivekanand Sr. Sec. School, Dharuhera	87.4%	2024
10th BSEH Shashi Bala School, Dharuhera	89.8%	2022

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, C/C++, Python, Linux/Bash scripting
- **Web Development & Tools:** HTML5, CSS3, Node.js, Git, GitHub Actions
- **Cybersecurity & Networking:** Network Fundamentals, Cryptography, OSINT, Penetration Testing
- **Security Tools:** Hydra, Metasploit, Wireshark
- **Core Concepts:** Data Structures & Algorithms, Object-Oriented Programming, Prompt Engineering

PROJECTS

Personal Portfolio Website

- Engineered a responsive, production-ready portfolio website from scratch showcasing projects, technical skills, and academic achievements
- Optimized UI components for multi-device accessibility; integrated GitHub Actions to automate deployment via CI/CD workflows

Faulty Calculator | Java

- Designed and built a desktop calculator featuring intentional faulty logic to practice defensive programming and edge-case handling
- Strengthened debugging, code refactoring, and structured exception handling (try-catch blocks) to control invalid inputs gracefully

Amazon Homepage UI Clone

- Replicated Amazon's homepage layout using semantic HTML5 and CSS Flexbox/Grid for full responsiveness across mobile and desktop viewports
- Implemented DOM manipulation for interactive elements; managed source code using Git for organized feature tracking and version control

Laser-Based Audio Communication System | LiFi Concept · Team Leader · 6 members

- Led a 6-member team to build a working LiFi prototype transmitting audio via laser beam intensity modulation instead of radio waves
- Applied: Optical Communication, Signal Modulation, Analog Electronics, Audio Amplification; handled circuit design and laser alignment

CERTIFICATIONS & ACHIEVEMENTS

- Coding Proficiency: **HackerRank 4-Star Java** (OOP, data structures, algorithms) and **3-Star C** (pointers, memory management, arrays)
- Global Cybersecurity Ranking: **TryHackMe Global Top 8%** with a 60+ day active streak across Networking, Linux, Web Security & Threat Analysis labs
- Capture The Flag (CTF): **Rank 22** in Defhawk cybersecurity competition among hundreds of participants
- **Red Hat Certified:** Python Programming with Red Hat (AD141-RHA) v9.0 · Linux Fundamentals (RH104) · 2026
- **TryHackMe Pre Security Certificate (SEC0)** · Credential ID: THM-BVQXQQCCCEM · Jun 2026
- Additional: HackerRank CSS Certificate · Simplilearn Generative AI · Simplilearn Full Stack Development
